## WHICH GOD? WHICH RELIGION?

---

Since God can only be One, the only valid religion(s) must be monotheistic.

Monotheism is the belief in the existence of one god, polytheism is the belief in the existence of many gods, and atheism is the belief that there is no god.

There are purportedly only three monotheistic religions in the world today:

1. Judaism
2. Christianity
3. Islam

To evaluate the compatibility of each religion with our rational understanding of God, I suggest a Nature of God test.

## NATURE OF GOD TEST

---

The stated belief in God must be compatible with the deduced nature of God.
